INVITATION TO EURASHE 23RD ANNUAL CONFERENCE

Dear BFUG Member,

It is indeed my pleasure to invite you to the **23rd Annual Conference of EURASHE**, which will take place in **Split (Croatia)** at the Faculty of Medicine, **University of Split**, on **9-10 May 2013**, in cooperation with the **Croatian Council of Universities and University Colleges of Applied Sciences (VVIVŠ)** and the **Universities of Applied Sciences Network (UASnet)**. I would appreciate it if you would also forward this invitation to higher education institutions and stakeholders in your country.

At this event, in the year that European higher education institutions focus on 'rethinking higher education', we will combine three tracks, namely **Education, Innovation and Employability**, into a '**Higher Education Knowledge Triangle**'. In these conference tracks, we will alternate keynote speeches with parallel interactive working sessions on the three themes. Heads of institutions, policymakers, course and programme directors, and higher education stakeholders will exchange views with experts in the three fields, from which we will then formulate outcomes and propose further steps that will make the knowledge triangle work for the benefit of students and for regional development.

For more detailed information, we are asking you to check the dedicated page on our website on a regular basis: www.eurashe.eu/split

The on-line registration for the Conference is also accessible via: www.eurashe.eu/split-registrations

We are looking forward to welcoming you at this challenging and promising EURASHE Annual Conference.

Sincerely yours,

Professor Andreas G. Orphanides
President of EURASHE
